In the Bachelor’s and Master’s OER 20-21, the following (boxed) regulations were wrongly included. These should have been included in an addendum to Bachelor's and Master's OER 19-20 because they apply to admission to the academic year 2020-2021. These regulations are now included in an addendum to OER 19-20 and removed from OER 20-21.

Addition Teaching and Examination Regulations 19-20 – Bachelor’s programmes

Article 2.1 Previous education
1. Admission to the programmes offered at EB is subject to the following requirements:
   a. the student is in possession of a pre-university (VWO) diploma including Mathematics at the level indicated below:
      • for BSc Actuarial Sciences, BSc Econometrics and BSc Business Analytics: Mathematics B (or B1)
      • for BSc Business Administration, BSc Economics and Business and BSc Fiscal Economics: Mathematics A and or B
   b. a student with a higher professional education (HBO) diploma or who has completed the first year of a HBO programme, and who can demonstrate sufficient command of Mathematics and English, may be admitted to the programme as described in section 1(a).

2. Notwithstanding section 1(b), a student who has a deficit of a maximum of 6 EC for completing the first year of a HBO programme yet fulfils the other requirements may be admitted to the programme.

3. The right to participate in the teaching and sit examinations lapses if the student as referred to in section 2 does not complete the first year of their HBO programme in the 2020-2012 academic year.

4. An EU student may be admitted to the programme on the basis of a diploma equivalent to VWO, including Mathematics at the level as described in paragraph 1(a). The student may be required to take a Mathematics test set by the faculty to demonstrate that their skills are sufficient.

5. A non-EU student may be admitted to the programme on the basis of a diploma equivalent to VWO, including Mathematics B. Non-EU students are required to pass a Mathematics test set by the faculty.

6. A person possessing a foreign diploma satisfies the requirement for sufficient proficiency in the Dutch language once he or she has passed one of the examinations referred to in Article 2.3 or has obtained an exemption from taking this examination.

7. The proficiency requirement in English as the language of instruction can be met by the successful completion of one of the examinations referred to in Article 2.3, at the level specified there. Students who are admitted to the degree programme on the basis of paragraph 1 of this article are exempt from the requirement concerning proficiency in English as the language of instruction.

Addition Teaching and Examination Regulations 19-20 – Master’s programmes

Article 2.2 Previous education
1. In order to qualify for enrolment in a Master’s degree programme, a Bachelor’s degree obtained in academic higher education (WO) is required. The requirements that the Bachelor’s degree must meet are specified in Section B.

2. In the event that a candidate does not have a Bachelor’s degree as referred to in paragraph 1, the Admissions Board of the degree programme will assess suitability for admission to the programme on the basis of the requirements stipulated in Section B.

3. In derogation from that stated in paragraph 1 and notwithstanding the provisions of Article 3.1 paragraphs 1 to 5 part B, a third-year Bachelor’s student may be admitted at their request to a Master’s programme who:
   a. still needs to attain components from the Bachelor’s programme with a maximum joint study load of 15 EC, and;
   b. where there is a valid expectation that the Bachelor’s programme will be completed within the 2020-2021 academic year, and;
   c. as a result of the Covid-19 measures, the student would suffer an unreasonable study delay which could be avoided by being admitted to the Master’s programme.

4. If the Bachelor’s student referred to in paragraph 3 does not attain their Bachelor’s degree in the 2020-2021 academic year, they forfeit their right to sit tests and examinations and to attend the teaching in the Master’s programme course units.

5. The Bachelor’s degree must be obtained by 1 September 2021 or (if earlier) before the Master’s degree may be conferred. If this condition is not met, the student may not continue or complete the Master’s programme.

Regulation moved from OER 20-21 to addendum OER 19-20, determined by the Dean of UvA Economics and Business on 22 December 2020.

* Second Comprehensive COVID-19 Emergency Act, as passed by the Dutch Lower House on 2 July 2020.
