Erratum Master’s OER 2019-2020
24 October 2019

1. Teaching- and Examination Regulations 2019-2020

**Correction elective course Quantitative Models in Online Marketing**

**Part B1: MSc Actuarial Science and Mathematical Finance**

**Article 4.2 Curriculum**
The course *Quantitative Marketing* (period 2, 6414M0220) is replaced by the course *Quantitative Models in Online Marketing* (period 4+5, 6414M0360).

**Correction admission criteria specialisation Neuroeconomics**

**Part B4: MSc Business Economics**

**Article 3.1 Admission criteria**
Sub 1.d. is not correctly formulated. The text must be:

For the specialisation Neuroeconomics: at least one of the following courses: Behavioural Economics, Game Theory, Introductory Psychology, Cognitive Neuroscience, Affective Neuroscience.

All skills mentioned above should at least be at the intermediate level. The courses on Microeconomics should cover market structure (Industrial Organisation) enough as well as game theory. Exemptions can be made for students without a bachelor in Economics if they can show that they have a sufficiently strong quantitative background.

**Correction period and course code Thesis Seminar Finance**

**Part B7: MSc Finance**

**Article 4.2 Curriculum**
*Thesis Seminar Finance* will be offered in period 4 (instead of 4 and 5). The correct course code for this course is 6314M0355 (instead of 6314M0281).
2. Attachment I: Pre-Master’s programme Fiscal Economics

Correction period course Vermogensrecht

The course Vermogensrecht (6013B0531) will be taught in period 1 (instead of period 4). For students affected by this adjustment, a suitable solution will be sought.
