Meet alumni, 2nd and 3rd year students
Experience experts, student and alumni of UvA Economics and Business (EB) who already walked your steps, can give you the best advice. Do not miss these interviews. The tips can be of great value for your studies.

Exciting workshops
You can attend a wide range of exciting workshops throughout the academic year. Take a peek at a selection of inspiring workshops. Get workshop stickers in the E-hall and join two 30 minute sessions:

- **Study Toolkit Programme**
  Start studying successfully with the right toolkit! Find out whether multitasking is a good idea and how to be efficient and effective as a student. We will discuss several study methods and answer all your questions to help you to become a master in studying.

- **Career: Explore Your Potential**
  Studying at the university is not only about acquiring knowledge, passing exams and learning how to conduct research. This period in your life also gives you opportunities to discover new qualities and work on your personal development; it is a time to discover what really motivates you. Try new things, fail, learn, and try again. In this workshop, the career coaches of the Student Careers Centre will inspire you to explore your potential and develop a mindset for personal growth.

- **Stress Relief Techniques**
  Learn a number of techniques that can help you cope with stress in your daily life. This workshop teaches you how to deal with being homesick, feeling lonely or adjusting to your new life.

- **Cultural Awareness and Intercultural Skills**
  Studying in an international and diverse environment you will interact with students from many different parts of the world. Learn more about Cultural awareness and how to develop intercultural skills throughout your studies. These skills will help to advance your studies and your future career.

- **Crash Course Dutch**
  Take this opportunity to wow your family and your (new) Dutch friends with some handy Dutch phrases and expressions. Join this crash course with our teachers from the Institute for Dutch Language Education (INTT).

- **Study Skills: The Dutch Approach**
  Get quickly accommodated to the Dutch educational system. As an international student you will get tips on how to study more efficiently and effectively.
