Dear students,

Welcome (back) to Science Park! We hope you’ve enjoyed your well-deserved summer break, and are fully recharged for the upcoming year.

Every month you will find a new edition of this newsletter hanging in here, informing you about the latest developments at the Faculty of Science. By means of this very first edition we would like to let you know that the new Faculty Student Council (FSR) has been installed and is ready to stick up for the rights and interests of all students of our Faculty in the upcoming year.

If you encounter problems with exam committees, resits, course enrollments, scheduling, teachers or anything else, you can always ask for our help. Furthermore, if you have any ideas or suggestions for study places, bike parking, facilities, sustainability or perhaps something completely different, we would love to hear you out and together we can explore the possibilities for executing these ideas.

Do you have any questions, or do you just want to drop by for a quick chat? Feel free to visit our office during any weekday between 09:00 and 17:00 (B0.112, next to the large stairs in the central hall). You can also email us anytime at fnwi@studentenraad.nl or call us at 020 - 525 5878.

We hope to see you soon!

Yours truly,
The Faculty Student Council

More information? Please visit room B0.112, send an email to fnwi@studentenraad.nl or go to studentenraad.nl/fnwi

- 3-17 October, 9:30-12:00, Career Workout (Dutch), Roetersseiland
- For all events, check student.uva.nl

A Warm Welcome!

The Faculty’s seven study associations provide a warm welcome to new students. Study associations provide a network where members support each other in the goal of successfully completing their degree programme. By students for students, they organise social and educational activities throughout the year. In addition, you can buy text books and other study materials via your study association, often at a considerable discount. For many students, participating in activities of their study association makes their time at university unforgettable.
